

HARROLD&KITE

Vision Statement

To maintain and continue our commitment with the highest level of professionalism while pursuing excellence in construction and building and maintaining relationships with our customers, professional associates, suppliers and subcontractors.

Mission Statement

- To deliver and provide construction services in an environment where people are valued and respected.
- To deliver safe, sustainable and high-quality construction projects which uphold our core values.
- To build and maintain relationships with customers, professional associates, suppliers and subcontractors.
- To maintain and develop a customer focus delivery for all of our construction projects.
- To improve project outcomes ensuring our customers achieve real value for money investment.
- To continually seek opportunities for continuous improvement.

Core Values

Our values are the cornerstone of how we operate and conduct our business operations and are the basis for our guiding principles and culture. They set the benchmark for our minimum expectations and serve to clearly communicate and guide us in our everyday work and behaviour.
